

LB 775 Companies Whose Qualifications Have Been Approved As Of 12/31/2001

Table 4 shows the types of companies that are included in each industry group. All industry groups include a minimum of three (3) companies. The options under which companies in each industrial group have qualified are shown in the last column.

The industry groupings have previously been based on Standard Industrial Classification (SIC) codes. We converted to the use of the Principal Business Activity codes currently being used by the Internal Revenue Service. We have restated the prior years information based on the new industry groupings.
